PRODUCTION PACKAGING CATALOGUE

A decade after launching its innovative thermoforming production in 1979, Dynamec revolutionised the Cyprus packaging industry again with its bespoke clear box making expertise. Ever since, Dynamec is the industry specialist in the boutique production of clear and paper boxes with minimal quantity restrictions.

Our own Production Packaging Catalogue consists of a wide range of boxes, containers and display accessories available in several types, designs and sizes that can be made from paper, transparent polymers, or a combination of the two.

In addition to our Catalogue range, our expert team is at your disposal to advise, design and bring to life any other made-to-measure packaging according to your unique needs and specifications.

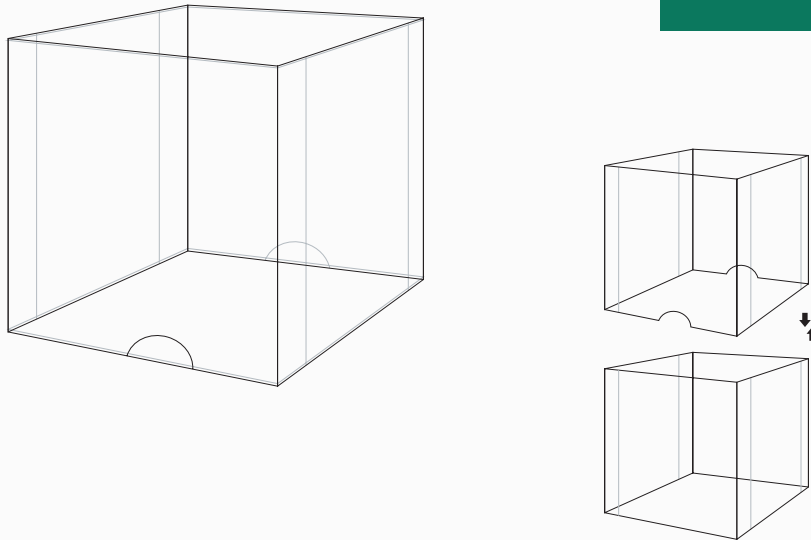

For enquiries, please contact us via our online Contact Us form
